Subject: Fate and Transport and Stormwater Meetings

Bruce, to follow-up on our discussion last night.

1) We are trying to scheduled a fate and transport meeting on November 29th or 30th.
2) It sounds like that Karen, Kristine, Dawn and others had a successful meeting yesterday. They are putting a proposal together that looks at the range of options available for characterizing stormwater in Portland Harbor. Karen is getting started on this and Kristine will finish. They hope to have something y

his. (b) (6)
(b) (6) I think the plan is to have a meeting the week of the 27th to finalize the proposal. The proposal would be given to the managers to decide what, who and when.

So, I need to know your availability for the week of the 27th. We are probably looking at two meetings but there is considerable overlap. We might just have to dedicate a whole day to this stuff.

Thanks, Eric
